Objectives:

Description:

- A Webinar on 'Career Opportunities and Choices' was organized by Ms. Ditty Varghese (Alumni Coordinator) in the Department of Computer Engineering on 25thth September, 2021.
- The session commenced with an introduction of the speaker Ms. Madhumita Chatterjee by the host Ms. Smriti Sunil.
- Following the introduction, Ms. Madhumita Chaterjee took over and started the session by explaining the topics to be covered during the webinar.
- She gave an overview of what our engineering journey would look like.
- Further on, she went on to explain the practical preparations that we can do during these four years to build a good profile.
- She explained in detail the upcoming technologies that would be required by every big company and the various roles available.
- She talked in brief about the advantages and disadvantages of entrepreneurship.

- Further, she told us the different career choices for an engineer and explained a few of them.
- Further on, she went on to share her experience on what companies look for in a candidate.
- To make the session more interactive, Ms. Madhumita conducted an activity where she told the participants to think of an idea and how to develop it into a final output.
- After addressing the participants, the session was open to a Q&A session which was led by Ms. Smriti Sunil. The questions were selected from those asked by the participants in the chat box and Ms. Madhumita addressed all of them meticulously.
- The session was concluded with the Vote of Thanks delivered by Ms. Smriti Sunil, SE Comps CR- DBIT, after which the participants were requested to fill the feedback form circulated on the WhatsApp group.
