

DON BOSCO INSTITUTE OF TECHNOLOGY, KURLA

ANDROID CERTIFICATION COURSE

**DEPARTMENT OF COMPUTER ENGINEERING
ACADEMIC YEAR 2019-2020**

**COURSE CO-ORDINATORS:
Ms. Kalpita Wagaskar
Ms. Mayura Gavhane**

DON BOSCO INSTITUTE OF TECHNOLOGY, KURLA, MUMBAI
DEPARTMENT OF COMPUTER ENGINEERING

| Course Code | Course Name |
|-------------|---------------------------------|
| CERC0001 | Android Application Development |

Course objectives:

To develop android programming skill to solve real life problem

Course outcomes: On successful completion of course learner will be able to:

- Build and deploy his/ her Android application.
- Students understand the operation of the application, application lifecycle, configuration files, intents, and activities.
- Students will be able to develop a working knowledge of the custom UI elements and positioning.
- The trainee may develop a basic application that acts as a working example of all the topics covered in the class.

Prerequisite: Basics of Java, Any Programming Languages

Syllabus

Prerequisite: Basics of Java, Any Programming Languages

| Module No. | Module Name. | Topics | Hrs |
|------------|-----------------------|---|----------|
| 1 | Introduction | 1.1 Introduction to java Concepts <ul style="list-style-type: none"> • Classes and objects , inheritance, static • Difference between Parent and Child classes • Difference between overriding and overloading 1.2 Introduction and installation of Android <ul style="list-style-type: none"> • Android Versions, API Levels • Devices, Installation & configuration of Android Development Tools | 6 hours |
| 2 | Application Structure | 2.1 Application Structure <ul style="list-style-type: none"> • Devices running on Android platform • Android Architecture • Understanding the Activity Lifecycle • Activity Life Cycle States and working | 10 hours |

| | | | |
|---|--------------------------------------|--|---------|
| | | 2.2 Creating the first Android Project <ul style="list-style-type: none"> • Building a Simple User Interface • Understanding .xml file • Implementing TextView, EditText & Button component • Understanding .Java file • Linking the Java components and xml components • Understanding Manifest file • Debugging and Running Android Application inside Android Smartphone • Android Application Development • Emulator-AVD | |
| 3 | Linear Layout and Music App | 3.1 Introduction to Linear Layout <ul style="list-style-type: none"> • Implementing Margin, • Padding, Weight & Space components 3.2 Music App <ul style="list-style-type: none"> • Implementing Audio files inside Android App • Integrating Play, Pause, Stop button • Developing the Programming Logic | 6 hours |
| 4 | Menu App | 4.1 Menu App <ul style="list-style-type: none"> • Integrating Menu.xml file • Linking up the Menu file & Java file • Creating the Menu UI • Changing Background colour with Menu Options | 6 hours |
| 5 | Intent,Checkbox and Radio Buttons | 5.1 Intent <ul style="list-style-type: none"> • Creating multiple activities in Android • Moving between activities with Intents • Customizing Activities • Difference between Implicit & Explicit Intent 5.2 Checkbox and Radio Buttons <ul style="list-style-type: none"> • Create CheckBox • Create Radio Button • Calculator App | 6 hours |
| 6 | SQLite Database and Google PlayStore | 7.1 SQLite Database <ul style="list-style-type: none"> • Creating an Database Android app with Employee Listing • Understanding and integrating the main functions of the Database class • Creating multiple field and adding data inside Database • Programming logic to View modify & delete data inside database | 5 hours |

| | | | |
|---|---------------------|--|---------|
| | | 7.2 Google PlayStore <ul style="list-style-type: none"> Understanding the process of app deployment Uploading Android Apps on PlayStore | |
| 7 | Project Development | 6.1 App Development <ul style="list-style-type: none"> Login/Registration Project (using SQLite) App to get current weather details of any city | 6 hours |

Datewise topics covered

| Module No. | Module Name. | Topics | Hrs | Date | Resource | Time |
|------------|-----------------------|--|---------|------------------------------|----------|--|
| 1 | Introduction | 1.1 Introduction to java Concepts <ul style="list-style-type: none"> Classes and objects , inheritance, static Difference between Parent and Child classes Difference between overriding and overloading 1.2 Introduction and installation of Android <ul style="list-style-type: none"> Android Versions, API Levels Devices, Installation & configuration of Android Development Tools | 4 hours | 17 th August 2019 | Kalpita | 9:30 to 10:30 10:30 to 12:30 pm 1:30 to 3:30pm |
| 2 | Application Structure | 2.1 Application Structure <ul style="list-style-type: none"> Devices running on Android platform Android Architecture Understanding the Activity Lifecycle Activity Life Cycle States and working 2.2 Creating the first Android Project <ul style="list-style-type: none"> Building a Simple User Interface Understanding .xml file Implementing TextView, EditText & Button component Understanding .Java file Linking the Java | 3 hours | 17 th august 2019 | Kalpita | 4:00 to 5:00pm |

| | | | | | | |
|---|--------------------------------------|---|---------|---|---------------|--|
| | | <p>components and xml components</p> <ul style="list-style-type: none"> • Understanding Manifest file • Debugging and Running Android Application inside Android Smartphone • Emulator-AVD6 | | | | |
| 3 | Linear Layout and Music App | <p>3.1 Introduction to Linear Layout</p> <ul style="list-style-type: none"> • Implementing Margin, • Padding, Weight & Space components <p>3.2 Music App</p> <ul style="list-style-type: none"> • Implementing Audio files inside Android App • Integrating Play, Pause, Stop button | 6 hours | 31st august2019 4 th September2019 | Mayura | |
| 4 | Menu App | <p>4.1 Menu App</p> <ul style="list-style-type: none"> • Integrating Menu.xml file • Linking up the Menu file & Java file • Creating the Menu UI • Changing Background colour with Menu Options | 6 hours | 4 th September2019 14 th September2019 | Mayura | |
| 5 | Intent,Checkbox and Radio Buttons | <p>5.1 Intent</p> <ul style="list-style-type: none"> • Creating multiple activities in Android • Moving between activities with Intents • Customizing Activities • Difference between Implicit & Explicit Intent <p>5.2 Checkbox and Radio Buttons</p> <ul style="list-style-type: none"> • Create CheckBox • Create Radio Button • Calculator App | 6 hours | 14 th September2019 | Mayura | |
| 6 | SQLite Database and Google PlayStore | <p>7.1 SQLite Database</p> <ul style="list-style-type: none"> • Creating an Database Android app with Employee Listing • Understanding and integrating the main | 2hours | 05 th October2019 | 2hrs -Kalpita | |

| | | | | | | |
|---|---------------------|--|---------|-------------------------------|---------|--|
| | | <p>functions of the Database class</p> <ul style="list-style-type: none"> • Creating multiple field and adding data inside Database • Programming logic to View modify & delete data inside database <p>7.2 Google PlayStore</p> <ul style="list-style-type: none"> • Understanding the process of app deployment • Uploading Android Apps on PlayStore | | | | |
| 7 | Project Development | <p>6.1 App Development</p> <ul style="list-style-type: none"> • Login/Registration Project (using SQLite) | 4 hours | 05 th October 2019 | Kalpita | |

All the students who attended the course will be certified.
