Description:

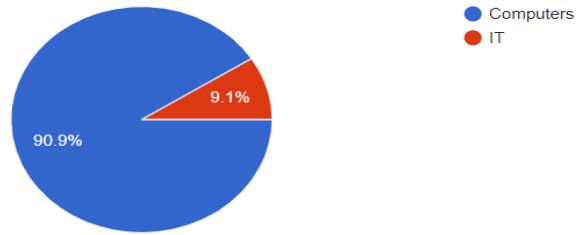

- The Department of Computer Engineering along with the Alumni team organized a webinar on ‘Journey as a Business Analyst’ on the 09th April, 2021 at 4 PM.
- The session commenced with an introduction of the speaker Ms. Gladcy Nadar by Prof. Ditty Varghese, DBIT.
- Following the introduction, Ms. Gladcy Nadar took over and started the session by explaining the topics to be covered during the webinar.
- In this session the speaker discussed the types of jobs available for an engineering student.
- Further on, she went on to explain work and the importance of a business analyst in a company.
- Further, she told us the subjects studied in Computer engineering which will be used for a business analyst role.
- Ms. Gladcy also went on to explain these subjects a little bit in detail, so as to help us understand it better.
- She also explained some ways and methods to interact with clients.
- Further on, she went on to share her experience on becoming a business analyst at Reliance retail.
- After addressing the participants, the session was open to a Q&A session which was led by Ms. Chryselle Fernandes. The questions were selected from the participants from the whatsapp group and Ms. Gladcy addressed all of them meticulously.
- The session was concluded with the Vote of Thanks delivered by Mr. Chryselle Fernandes, (Student Alumni Coordinator – DBIT), after which the participants were requested to fill the feedback form circulated on the WhatsApp group.
