Day2: <https://us02web.zoom.us/j/89300637855?pwd=aFFiRFIISHc4OUR3U0kwL2JjaEUrdz09>

Meeting ID: [893 0063 7855](#)

Passcode: 506872

No. of participants : 81 participants (average of both the days)

Faculty Incharge : Mrs. Sejal Chopra

Resource Person : Mr. Awab Habib Fakih

Organizing Department / Committee / Authority : Computer Department of Engineering, DBIT

Objectives:

- The participants will be able to understand the procedures to convert the research outcome into patents.
- This training will bring a positive transformation in the students and faculty member’s attitude in their project and research work.

Outcome : Students and faculty members would have proper insights about the IPR and the process of filing an Indian Patent.

Report :

For the purpose of fostering innovation, Intellectual Property protection is critical and without protection of ideas, businesses and individuals would not reap the full benefits of their inventions. The session focused on Intellectual Property Rights , the types and terms of IPR, and the process of filing an Indian Patent.

The session was organized by the Computer Department of Engineering, Don Bosco Institute Of Technology in the wake of making final year students familiar with Intellectual Property Rights. It was held on 15th and 16th July, 2021 from 3:00pm - 4:30pm on day 1 and from 6:00pm - 7:30pm on day 2 on a zoom video conference and was also streamed live on youtube.

The event was kick started by Ms. Saloni Dhotre, BE student of Department of Computer Engineering who introduced us to the speaker. To enlighten us through this topic we had Mr. Awab Habib Fakhri, Educator at AIKTC, an Edupreneur, Patent Analyst and Researcher as our speaker, who till date has filed upto 16 Design Patent and Utility Patent under Government of India. Recently, he has been nominated and appointed as Advisory Council Member in IPR Cell of Maulana Azad University, Jodhpur. The Day 1 session shed light on IPR, terms of protection, different forms and types of IPR. Followed by the 2nd Day wherein the process of filing Indian patent and government fees structure for the same were discussed in detail. His rich experience surely provided us with relevant information. The speaker explained most of the cases with examples relevant to students and also ensured all the questions pertaining to the topic were answered. Towards the end of his presentation he gave a glimpse of 30 inventions which were patented.

The session was concluded with a vote of thanks proposed by Ms. Saloni. A positive feedback was received from the participants as majority of them found the session provoking and engaging and were able to grasp information about IPR. There were 81(average of both days) participants who attended the session. There were around 68 Final year BE Computer students who attempted the quiz after the session, out of which 50 students scored 60% and more in the quiz.
